Appendices :

- A Schedule of Centrally Organised Camps and Treks.
- B Schedule of Attachment Training.
- C Schedule of Programme of Naval Annual Technical Camps.
- D Schedule of Mountaineering Courses.
- E Schedule of Sports Events.
- F Tentative Schedule of YEP 2016-17.
- G Schedule of Courses at OTA, Kamptee.
- H Schedule of Courses at OTA, Gwalior.
- J Schedule of Courses at 433 AF Station, Tambaram.
- K Schedule of Courses at Naval Establishments.
- L List of Training Reports and Returns.

GENERAL

1. National Cadet Corps is the premier youth organisation for building character and discipline amongst the youth of the country. NCC training is conducted to inculcate the qualities and attributes, as enshrined in the 'Aims of NCC', in all the cadets. NCC training should result in developing qualities of character, courage, comradeship, discipline, leadership, secular outlook, spirit of adventure/ **sportsmanship** and ideals of selfless service, among the Youth to make them positive contributors and engines of growth for our country. All training in NCC will be planned and conducted keeping this objective in view.
2. The conduct of training in NCC in the last training year has been immensely satisfying. The standards achieved so far have been encouraging. However, I am confident that we can do better still. With imagination, commitment, dedication and continuous support of educational institutions and the States, we can aim at improving response and willing participation of the cadets to achieve the desired results.
3. The successful conduct of International day of Yoga with more than 9.50 lakh NCC cadets performing at 1767 venues Pan India on 21 Jun 15, winning of Jawahar Lal Nehru Cup Tournament for the first time in history by NCC Junior boys were important achievements of the training year.

KEY RESULT AREAS (KRAs)

4.
 - (a) Conduct of Institutional Training deliberately and methodically.
 - (b) Security and Safety during all NCC activities in a fool proof manner.
 - (c) Each Unit should get minimum one cadet selected in Armed Forces.
 - (d) All cadets to undertake 100 hours of Shramdaan.
 - (e) Commencement of flying by all units with immediate effect, ensuring currency of pilots and serviceability of microlights.
 - (f) Plan for smooth induction of new microlights along with development of associated infrastructure.

CONDUCT OF TRAINING

Institutional Training

5. Institutional training should be conducted in an imaginative, interesting and realistic manner in order to retain cadets' interest. All trainers must implement the Institutional Training Syllabus as per lesson plans posted on the NCC website. The support of heads of educational Institutions for various NCC activities conducted in their institutions must be obtained. Commanding Officers/OC Units and Group Commanders to personally monitor regular conduct of Institutional training.
6. The two Training Academies must ensure that syllabus is covered in detail during PRCN & PIOC courses, in order to prepare NCC staff for instructional duties with cadets.

Camp Training

7. Camps are the most popular, interesting and meaningful part of cadet's training. I would, therefore, like the conduct of the camps to be intensive and realistic with an imaginative schedule. Exposure to a regimented way of life must be given to the cadets and values of punctuality, team-work and esprit-de-corps inculcated during camps. Camp

routine must be adhered to and 'shramdaan' by cadets during camps implemented. 100% utilization of camp vacancies must be ensured. **Only second year JD/JW cadets and second/ third year SD/SW cadets will attend camps including Centrally Organised Camps (COCs)** as per authorisation.

(a) **Centrally Organised Camps (COCs)**. The schedule of Centrally Organised Camps and Treks is at **Appendix A. No change in dates or locations/cancellation of training event will be acceptable**. Directorates which propose any change/cancellation for unavoidable reasons, must forward the case to minimum five months in advance. 100% utilization of camp vacancies must be ensured. In case of last minute shortfall in COCs, the organizing Directorate should ensure full utilization of camp vacancies by detailing reserve cadets from their own directorates.

(b) **Advance Leadership Camps**. These are primarily designed to guide cadets who aspire for a career in the Armed Forces. ADsG/ DDsG must ensure that cadets are selected with due care and requisite motivation to join the Services as offrs.

(c) **ATCs/CATCs**. Group Commanders must ensure that cadets attend mandatory camps well in time for appearing in their Certificate exams. Camp activity must be structured as mandated.

Entry into Armed Forces

8. Greater effort must be made at the Group HQ/Unit level to identify, motivate and coach aspiring cadets to join the Armed Forces. Cadets must also be given the opportunity to undergo the 'Personality Development Capsules' and SSB Coaching Courses at OTA.

9. **Dissemination of Info**. It must be ensured that all information pertaining to entry into Armed Forces is disseminated/ explained to cadets. Such capsules will form an essential part of all camps.

Service Specific Training

10. **Attachment with Regular Units**. This is a popular and motivating training event where cadets see the life in the Armed Forces at close quarters. All out effort must be made to make the best of such training and at the same time project a good image of NCC. Smart turnout of officers and cadets attending these attachments will be ensured. Details of attachment training are at **Appendix B**.

11. **Army Wing Training**. The following will be given emphasis:-

(a) All cadets must undergo .22 Firing and Obstacle Course.

(b) Short Range must conform to laid down specification. Firing will be conducted by Offrs and PI staff as per laid down policies with full implementation of safety aspects. Accidents in firing are not acceptable.

(c) Realistic training of Field Craft and Battle Craft must be conducted by PI Staff with innovative methods of training/ competition to retain cadet interest.

12. **Naval Wing**. The following targets must be achieved in the training year:-

(a) 150 hours per Whaler in Pulling and 100 hours in Sailing.

- (b) Each Directorate will conduct a min of one Sailing Expedition. The proposal must be vetted and approved by HQ DGNCC for which it must reach the Training Directorate **one month in advance**. Coastal states will plan along the coast and riparian states will plan Riverine Expeditions.
- (c) Train a minimum of four cadets on windsurfing per windsurfer.
- (d) Each Directorate must plan to train at least 10 cadets in Enterprise Class and 10 cadets in Kayaking.
- (e) Ensure maximum naval camps are held on board ships and sea sortie/camps with Navy/ Coast Guard are carried out as per plan.
- (f) Capsules on Coastal Security are conducted during NCC Naval camps.
- (g) Schedule of the Naval Annual Technical Camps is at **Appendix C**.

13. **Air Wing Training**. State Directorates need to ensure commencement of flying with immediate effect. The phased procurement of new Microlight will give a fillip to Air Wing Training. State Directorates also need to plan for smooth induction of new microlights alongwith development of associated infrastructure. Till such time, all AF units must make all efforts to keep their aircrafts operational. Units must ensure:-

- (a) Optimal utilisation of flying hours to ensure flying exposure to max cadets.
- (b) Balance cadets must be exposed to simulated start-up procedures, taxiing and shut down procedures and other flight checks.
- (c) All State NCC Directorates must ensure timely conversion/currency of AF Officers posted in NCC.
- (d) Existing microlights must be fully exploited and induction of new microlights executed with efficient planning, advance training and timely move.

Adventure Training

14. **Mountaineering and Trekking**. Mountaineering and trekking continue to remain our primary adventure activity.

- (a) **Girls Expedition to Mount Everest**. After successfully conducting the two pre-event Expeditions and Winter training at AMI, Siachen Base Camp, NCC Girls Expedition will attempt to summit Mt Everest during May - Jun 2016.
- (b) **Mountaineering Courses**. Schedule of Courses is at **Appendix D**.
- (c) **All India Treks**. Schedule of Treks is at **Appendix D**.

15. **Sports**. NCC provides cadets from remote areas and weaker sections of society an opportunity to participate in tournaments of national and international importance. Sportsmen with promise must be identified and encouraged to excel. Sports Calendar is at **Appendix E**.

16. **Equestrian Events**. R&V Units must make all efforts to participate in National Level Equestrian Championships. Our cadets have done well in the past and must continue to do so. Directorates must participate in Equestrian Federation of India events in their Zone.

17. **Social Service and Community Development.** In order to make young NCC cadets useful citizens of our country; they must be imbued with the spirit to contribute to the welfare of the lesser privileged. Directorates must work on relevant and contemporary issues which drive home these lessons to cadets as given out in the Action Plan for Social Service Activities being undertaken by NCC. Shramdaan will be carried out by NCC cadets as a volunteer activity during the Social Service and Community Development Programme.

18. **Youth Exchange Programme.** Participating in YEP is the ultimate dream of every NCC cadet. ADsG/DDsG must ensure that suitable cadets are selected and coached. The tentative schedule of YEP for the year 2016-17 is at **Appendix F.**

19. **Safety and Security.** **Safety of Cadets will remain paramount.** Zero tolerance will be observed towards lapses/ laxity regarding matters of safety and loss of life or injury to cadets. Safety of girl cadets must be ensured at all times.

20. **Training Academies.** Directorates must vigorously pursue speedy construction of NCC Academies with the respective State Govts, in order to develop requisite training infrastructure for NCC.

21. **Assessment.** Directorate must conduct certification examinations as per existing orders.

22. **Training of Trainers.** The highest standards of training must be ensured through trained and deeply motivated trainers. The schedule of courses for trainers is as follows:-

- | | | |
|-----|-------------------------------------|-------------------|
| (a) | Courses at OTA, Kamptee | Appendix G |
| (b) | Courses at OTA, Gwalior | Appendix H |
| (c) | Courses at Naval Establishments | Appendix J |
| (d) | Courses at 433 AF Station, Tambaram | Appendix K |

23. **Cadres at DGNCC.** HQ DG NCC will conduct Group Commanders Cadre from 18 to 22 Jul 16 to acquaint newly posted Group Commanders with the functioning of NCC.

24. **Reports and Returns.** Timely submission of Reports & Returns as per **Appendix L** must be ensured.

25. **Audit of Training.** **State NCC Directorates will ensure that the audit of training will be done by one up HQ to ensure that the training carried out by NCC cadets is as per policy and instructions on the subject.**

CONCLUSION

26. This Training Directive is a guideline for planning and execution of training during the current training year. I would like all officers and staff to use their imagination and ingenuity to make training more interesting and train our youth in the right perspective. We should carry out training with total commitment. Cadets have vast potential; we have to channelize this motivated force with matching enthusiasm for the fulfillment of our goal.
